The HSC Saskatchewan Resource Centre (SKRC), located in Saskatoon, offers the Huntington Society of Canada's Family Services Program. Erin Stephen, RSW, is available Tuesdays, Wednesdays and Thursdays between 9:00 am and 3:30 pm to assist individuals and families living with Huntington disease (HD).

SKRC Services include:

- Information on HD and strategies for care
- Connecting families with community services/resources through referral and advocacy
- Educational sessions to community groups and healthcare professionals

Saskatoon Chapter

Chapter Meetings:
Our Chapter meetings are held on the 2nd Tuesday of the month (October through December and March through June). Meeting begins at 7:00 p.m. at the Edward Centre, 333 4th Ave. N. New members welcome. Email hdsaskatoon@gmail.com for more info.

Saskatchewan Multi-Disciplinary Clinic

The Saskatchewan Multi-Disciplinary HD Clinic continues to offer support to individuals living with HD throughout the province. Neurologist, Dr. Andrew Kirk, Psychiatrist, Dr. Vern Bennett and the Saskatchewan Resource Centre Director are a part of the team of HD specialists who address the medical, psychological, social and educational needs of patients with HD and their families. The goal of the clinic is for care to be facilitated, coordinated and managed together by all three with a closer tie to community services. Clinics are currently running once a month on a Thursday afternoon. Please request that your family doctor refer you to the clinic by contacting Dr. Bennett's office at (306) 844-1077.

Clinical Trials

Participating in a clinical trial is a personal choice. Clinical trials can help advance medical research.

The Society encourages those interested to connect with their HSC Resource Centre Director to discuss possible impacts of participating.
