NAME, PHOTO and VIDEO CONSENT FORM

Background:

During Huntington Society of Canada ("Society") events such as conferences, national and chapter meetings, national and chapter events, holiday parties, awards ceremonies and other activities, and in its offices and facilities, its employees and/or volunteers take photographs and/or videos of participants, organizers and volunteers in attendance and record their names for use in promoting the Society and its purposes. These photos, videos and information are used in publications such as Horizon, the electronic news bulletins, on its website, in reports, information sheets and brochures. The Society also publishes stories in the media about individuals associated with the Society. Photos can also be shared with funders, in grant proposals or reporting back on successful grants and therefore may be shared with a third party.

As some persons are concerned about telegraphing to the public that they have Huntington disease in their family, it is the Society's policy to obtain written consent to publish these names, photos, videos and information about individuals.

Consent:

I hereby consent to the Society, its employees and those acting with the Society's authorization, using or publishing without compensation to me – (i) my name and/or photograph/video recording and (ii) the information I give to the Society about my relationship to Huntington disease, to assist in promoting the Society and its purposes in publications including but not limited to the Horizon Newsletter, brochures, information sheets (print or electronic), national public service campaign, and its website (www.huntingtonsociety.ca). I hereby also waive any right to inspect or approve the finished or publicized article and/or photographs or recordings.

Note: A parent or guardian must also sign this form if the person photographed or recorded is under 18 years old.
